(basics)

SKILLS

COURSES

PERSONAL SKILLS

- well organized & disciplined
- open-minded & creative
- with an eye for details
- willing to learn & develop skills
- able to work with team or alone under the pressure of time

I love **designing** not only websites. **Branding, layouts/prints & illustrations** are also my scope. I read a lot of books & articles about **UI/UX design**. In my free time I **draw, paint**, read **books**, watch **films**, meet friends & try to be **inspired** all the time (even when I sleep).

ABOUT / INTERESTS
